FR/EN Summer Book

Dear readers,

Welcome to Loopy Lydie's Summer by the Sea! Bienvenue!

This activity book was created with love, care, and the desire to make language learning fun and natural for young children.

You'll notice that both English and French are used throughout the book — sometimes side by side, sometimes in playful ways. This mix is intentional! Children often learn languages more intuitively when words are introduced in context, through games, songs, and stories.

We've chosen not to translate everything word for word. Instead, we've aimed for fluid, authentic phrasing in both languages, just like in a real bilingual environment.

Whether you speak one language or both, this book is meant to be a joyful journey. We hope Loopy Lydie makes you smile, sing, and play — in French, in English... ou les deux !

## ***Who is Loopy Lydie ?***

*Born from the imagination of a french independent chil minder, Loopy Lydie is a zany little character. Inspired by her creator, she's curious, funny and a bit absent-minded.*

*Loopy Lydie's goal is to bring joy to children, explore, but most of all - laugh. If she gets them to enjoy practicing both English and French, then Loopy Lydie est contente aussi!*

# Loopy Lydie goes fishing on a boat

## Loopy Lydie part pêcher en bateau

Loopy Lydie got everything ready for a big day at sea.. Elle espère attraper un poisson pour le dîner ce soir.

At the harbor, there are many boats. Big ones, small ones, colorful ones. Elle marche jusqu'à son bateau.

Her boat is made of wood, a bit old but very cute. Il y a deux petits bancs, une canne à pêche, et une glacière que son papy a préparée.

Out at sea, Loopy throws her fishing line into the water. Au bout de la ligne, il y a une clochette. If a fish bites, la clochette : sonne, ding ding ding!

Loopy waits... elle sort son pique-nique. To catch a fish, il faut parfois attendre longtemps...

Tout à coup, la clochette sonne! Ding ding ding! Loopy pulls on the line... A fish! Enfin...

Mais... le poisson s'est échappé! Oh no!

No fish today... mais c'était une très belle journée! Tonight, it will be... macaronis au fromage!
